## EASY • ACCURATE • INTEGRATED

PartsASIST is Volvo's newest revolutionary way to order heavy duty truck parts online. It is totally redesigned to be user-friendly, fast and a one-stop-shop for the information you need.

### Some of the great features of PartsASIST include:

- **Virtual Parts Counter** - Eliminate hold time and go to the front of the line.
- **Genuine Parts Catalog** - Drill down by function group to find the correct part, including an option to filter information based on VIN (**for fleets only**).
- **All-Makes Catalog** - Search for parts by product segment to find a complete list of parts (**for fleets and repair facilities**).
- **Dynamic Search** - Search for parts by part number or description.
- **Saved Orders** - Create lists and save order history for easy re-ordering.
