

AODA – Statement of Commitment to Accessibility

September 22, 2017

Expressway Trucks is committed to providing a barrier-free environment for our clients/customers, employees, job applicants, suppliers, visitors, and other stakeholders who enter our premises, access our information, or use our transportation services. As an organization, we respect and uphold the requirements set forth under the Accessibility for Ontarians with Disabilities Act (2005), Customer Service Standard, and the Integrated Accessibility Standards Regulation for Information and Communications, Employment, and Transportation, and eventually, for the Built Environment.

Approximately 1.8 million Ontarians lives with a disability, and as the population grows older, this number will also increase. Our organization has made a commitment to accessibility for everyone who uses our services because this makes good business sense, and it is also a legal obligation. Expressway Trucks has an important responsibility for ensuring a safe, dignified, and welcoming environment for everyone. We are committed to ensuring our organization's compliance with accessibility legislation by incorporating policies, procedures, equipment requirements, training for employees, and best practices. We will review these policies and practices on a regular basis: annually, as organizational changes occur, or in anticipation of compliance deadlines. In addition, we will strive to meet the needs of individuals with disabilities in a timely and effective manner. Our commitment to making our organization accessible to everyone includes the integration of accessibility legislation with our policies, procedures, programs, and training. We are committed to reviewing and incorporating the following information with our employees:

- Legislation regarding the Human Rights Code and the Accessibility for Ontarians with Disabilities Act, 2005.
- Integrated Accessibility Standards for Information and Communications, Employment, and Transportation (note: Transportation does not apply to Expressway Trucks' business).
- Accessible employment practices such as recruitment, assessment, and selection.
- Developing emergency response plans and individual workplace accommodation plans for employees with disabilities.
- Customer service standards.
- Accessible communication supports and information formats (both digital and non-digital).
- Communicating with people with various forms of disabilities.
- Accessible websites and web content.
- Assistive devices, mobility aids, service animals and support persons.
- Transportation vehicles and equipment requirements.
- Notices of service disruptions (temporary or long-term).
